SETTLEMENTS

The purpose of this section is to identify the model of settlement employed, the relationship between cash and securities, and the basis on which participants meet their obligations.

48. The Committee on Payment and Settlement Systems of the Bank for International Settlements (BIS) has identified three common structural approaches or models for linking delivery and payment in a securities settlement system. Please indicate which model your procedures most closely resemble (Please refer to details on the models within the "Help" section located below this question): (Choose all that apply.)

Model 1 - Gross, Simultaneous Settlements of Securities and Funds Transfers. (please answer 48a)

48a. Please briefly describe your settlement process, including how your settlement procedures may vary from the model chosen above (and as described below in the Help section)?

The above model takes place between so called Trading Accounts of participants. Upon such settlement balances left at the Securities and Cash Trading Accounts (net amounts of securities and funds) are simultaneously transferred to respective Safekeeping Accounts of participants.

48b. If other, please explain:

Question 48 Help:

Model 1 - Gross, Simultaneous Settlements of Securities and Funds Transfers. These systems settle transfer instructions for both securities and funds simultaneously on a trade-by-trade (gross) basis, with final (irrevocable and unconditional) transfer of securities from the seller to the buyer (delivery) occurring at the same time as final transfer of funds from the buyer to the seller (payment). The securities settlement system maintains securities accounts and funds accounts for participants. Transfer of securities and cash are made by book-entry.

Model 2 - Gross Settlements of Securities Transfers Followed by Net Settlement of Funds Transfers. These systems settle securities transfer instructions on a trade-for-trade (gross) basis, with final transfer of securities from the seller to the buyer (delivery) occurring throughout the processing cycle, but settle funds transfer instruction on a net basis, with final transfer of funds from the buyer to the seller (payment) occurring at the end of the processing cycle.

The securities settlement system maintains securities accounts for participants, but funds accounts are usually held by another entity (often a commercial bank or the central bank). Securities are transferred by book-entry, such transfer being final at the instant the entries are made on the securities settlement system's books. The corresponding funds transfers are irrevocable, but not final. During the processing cycle, the system calculates running balances of funds debits and credits, the balance being settled at the end of the processing cycle when the net debit and net credit positions are posted on the books of the commercial bank or central bank that maintains the funds accounts. Settlement of funds accounts may occur once a day or several times a day.

Model 3 - Simultaneous Net Settlement of Securities and Funds Transfers. These systems settle transfer instructions for both securities and funds on a net basis, with final transfer of both occurring at the end of the processing cycle. Settlement may occur once a day or several times a day. The securities settlement system maintains securities accounts for participants. Funds accounts may be maintained by another entity, either a commercial bank or the central bank.

49. Are the cash and security movements simultaneous?

Yes

49a. If cash and security movements are not simultaneous, please indicate the duration of the timing gap. (Choose one.)

49b. If other, please explain:

49c. If other, please explain:

60a. During the process of lodging securities into the depository, can the securities:

Be settled?

No (please answer 60d)

60b. During the process of lodging securities into the depository, can the securities:

Have ownership transferred?

No (please answer 60e)

60c. If they cannot be traded, or if you answered other, please explain:

During the process of lodging of securities into the Depository they cannot be traded at the stock exchange. However, there are no legal/regulatory restrictions for the securities to be traded OTC during the process of lodging of securities into the Depository.

60d. If they cannot be settled, or if you answered other, please explain:

In such case they can be settled only after lodging with the GSCD

60e. If ownership cannot be transferred, or if you answered other, please explain:

During the process of lodging of securities (until the securities are finally lodged) the securities are not reflected in the records of the Depository. Hence no ownership transfer can take place (from or intra the depository).

61. Are securities immediately available for delivery upon transfer to the depository?

Yes

61a. If no: Securities are unavailable for:

61d. If other, please explain:

62. Please describe briefly the arrangements/procedures/facilities you maintain to ensure that eligible securities held at the depository are handled at least as efficiently as compared to securities held outside the depository, particularly in relation to income, corporate actions and proxy services.

According the laws and Rules governing GSCD, during corporate actions the GSCD provides all needed information about nominee holders and beneficiary owners for the efficient completion of the corporate actions

63. What transfer process steps are involved when eligible securities are withdrawn from the depository for safekeeping? (Choose one.)

Securities are re-registered into the name of the beneficial owner or a nominee.

63a. Please specify:

64. How long does it usually take to remove securities from the depository? (Choose one.)

1 to 2 days

64a. Please specify:

64b. If other, please explain:

65. While the securities are being removed from the depository, can they:

65a. Be traded? (Choose one)

Other (please answer 65b)

65b. Please explain:

They cannot be traded at the stock exchange. There are no legal/regulatory restrictions in other cases.

65c. Be settled?

No (please answer 65d)

65d. Please explain:

For settlement of stock-exchange transactions the securities shall be lodged in the Depository. For OTC trades securities can be settled outside the depository, however, only after securities removing process from the GCSD is finalized and securities are registered with the registrar.

65e. Have ownership transferred?

No (please answer 65f)

65f. Please explain:

From the beginning of the securities removing process the securities are not reflected in the records of the GCSD. Hence no ownership transfer can take place (from or intra the depository). Respectively, until the end of the securities removing process the securities are not reflected in the records of the Registrar and hence no ownership transfer can take place from or intra the Registrar.

PUBLIC AVAILABILITY

99. The AGC encourages respondents/depositories to make their answers to this questionnaire publicly available. Will you be making your response publicly available? (For additional guidance, please review the help feature to this question.)

Yes (please answer 99a)

Question 99 Help: The AGC suggests that you consider making your completed questionnaire available to the public - either in response to requests or, if possible, by posting it on a web site. The information provided in response to the questionnaire will be used by the member banks of the Association in compiling Rule 17f-7 risk analyses and may also be furnished by members to U.S. investment companies. The information may also be furnished to other types of institutional investors, or to other parties who have an interest in the securities markets of various countries. However, the Association does not intend to release questionnaire responses directly to the general public. (For these reasons, the members of the Association cannot assure that responses will be treated as confidential or that responses will not become public.)

99a. If yes, how will you be making it publicly available: (Choose all that apply.)

99e. Please provide telephone number:

99f. Please provide facsimile number:

99g. What is the preferred street address for mailing requests?

99h. What is the preferred e-mail address for such requests:

99i. If other, please describe how you will be making the questionnaire publicly available:

Question 100 is new to the questionnaire this year.

100. Association members from time to time receive requests from their direct investor-clients for an informational copy of a depository's completed questionnaire. Such requests typically lead to interactions between personnel at the depository in question and member personnel or client personnel, or both. Those interactions take time and impose costs on both members and depositories.

Do you approve of Association members delivering a copy of your completed questionnaire to the member's direct client in response to the client's request?

Yes

Please provide any comments you have regarding the questionnaire.

You have reached the end of the questionnaire. Please be sure your contact details are updated. Your contact information is located in the first section of Part One within this questionnaire.

Please also be sure to print your responses and review them prior to changing Datasheet Progress to "Completed" under Part Two. (To print, select the printer friendly link at the top of the questionnaire.) When you are prepared to submit your answers, please return to Part One and Part Two of the questionnaire and change Datasheet Progress to "Completed". The members of The Association of Global Custodians thank you for your time and for your helpful response.
